

Teesside & District Branch

Staff Development and Business Growth Through Apprenticeships

Speaker: Tony Pitchford AMBCS
Key Account Manager -
Apprenticeships
BCS Learning & Development
Limited

The BCS Digital IT Apprenticeship Standards (approved by the Department for Education (DfE)) have been developed by employers from over 200 organisations, to cover major entry level roles into tech and digital careers. These Standards provide a robust quality programme of study, practical skills and competence. Tony advises on accreditation, end-point assessments and delivery for training providers looking to deliver IT and digital apprenticeship standards.

BCS - The Chartered Institute for IT

We make IT good for society.
